Save the fairy tale kingdom with your toothbrush!

An evil sorceress has cast a wicked spell, leaving everyone's mouths to rot and be overrun by cavities. Now it's up to you to help Toothy and the Toothsavers save everyone's teeth!

You'll have two minutes to brush and scrub away the spell for each of the kingdom's quirky inhabitants. From the Dragon to Little Red Riding Hood to the Pirate, only you can help them clean their teeth.

Save your own teeth by brushing them with each Toothsaver for two minutes, twice a day. They'll help make brushing fun. And for every few days you brush, you'll unlock a new Toothsaver to brush with. Brush for 30 days and you'll have the chance to defeat the evil sorceress herself!

And be sure to brush your friends' and family's teeth using the two-player Toothsaver mode. Keep your whole family clean with Toothsavers!

Features

- 10 colorful characters with their own fun toothbrushes and food particles to brush
- Use swipes and taps to clean each character's teeth in each two-minute session
- Up to three stars awarded for brushing each character well
- 10 different two-minute animations to make brushing in real life fun
- 10 colorful cartoon teeth that animate to your voice in two-player mode
- An interactive map to chart each day and night you brush with Toothsavers
- Earn new characters by brushing two minutes, twice a day with Toothsavers
- Parents' section allows parents to designate daily brushing times and monitor their child's brushing progress on a calendar
- Parents can connect on Facebook and post whenever their child reaches a brushing milestone

Toothsavers is brought to you by the Partnership for Healthy Mouths, Healthy Lives as part of its Kids' Healthy Mouths campaign. The campaign aims to motivate parents to take action to reduce their children's risk of oral disease by making sure their kids are brushing their teeth for two minutes, twice a day.
