

Experience Bala Kids Dentistry

Interactive Smile Zone

A vibrant space with TVs and iPads offering entertaining and educational games and movies.

Cozy Reading Nook

A curated collection of books for young readers to dive into and explore.

Immersive Sonos Surround Sound

A lively atmosphere filled with family friendly tunes throughout the office.

Individual Treatment Rooms

Our private rooms promote a comfortable and calm environment.

Personalized Entertainment

Children can choose their favorite movie or show to enjoy.

Exciting Rewards

Kids can pick multiple prizes from our treasure box, celebrating their bravery and making every visit special.

Membership Plan

Our in-house membership plan is designed to help those without dental insurance save on their child's dental care. Members get complete coverage for their child's routine preventive and emergency care as well as a reduced fee on all of our other services.

Meet The Specialists

Dr. Sheedeh
Madani

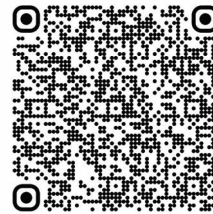

Dr. Marina
Kanakos

Dr. Dustin
Root

Drs. Sheedeh Madani, Marina Kanakos, and Dustin Root, board-certified pediatric dentists at Bala Kids Dentistry, are dedicated to providing an environment of comfort, compassion and positivity. They focus on helping children develop healthy habits that carry into adulthood. They combine their extensive training and meticulous preparation to provide state-of-the-art care. Our team takes pride in creating a fun and welcoming environment where kids are excited to return for their next visit.

Welcome To Bala Kids Dentistry

Our state-of-the-art practice is home to a skilled team of pediatric dental specialists providing gentle, comprehensive care for infants, children, young adults, and those with unique healthcare needs. Conveniently located in Bala Cynwyd on the Main Line, our office offers free parking and a calm, clean, welcoming environment.

Smiles From The Start

It is recommended that your child sees the dentist by their first birthday. Preventive care begins with the first tooth, and early visits help protect against dental issues while setting the foundation for a healthy, lifelong smile.

Tips For A Great First Visit

- Browse our office photos online
- Read books about going to the dentist
- Bring a comfort item like a favorite toy
- Talk positively about the upcoming visit

Personalized, gentle, and comprehensive care.

We Care Beyond the Chair

Our Bala Kids Dentistry team loves getting involved in the community. We regularly visit local schools, daycares, and community centers to teach children the importance of good dental habits in a fun, engaging way.

Our practice proudly supports youth sports teams, school fundraisers, and local events because we believe in giving back to the families who make our community so special. We also donate dental hygiene essentials to schools and organizations in need. It is one more way we are helping families smile a little brighter, one brush at a time.
